

# Platform Improvement Project Summer 2020

## PROJECT OVERVIEW

Metro's Platform Improvement Project is dedicated to making platforms safer and more accessible for all customers. As part of this multiyear project, Metro is rebuilding deteriorating platforms at 20 outdoor Metrorail stations and upgrading stations with new customer experience improvements. Phase I of the project was completed in 2019, with six stations successfully reconstructed on the Blue and Yellow lines in Virginia.

## STATION CLOSURES

**Three Orange Line stations will be closed from Saturday, May 23 to Monday, Sept. 7, 2020.**

- Vienna
- Dunn Loring
- East Falls Church

**West Falls Church will remain open to customers.**

Customers may experience weekend shutdowns, parking closures, pedestrian detours or bus stop relocation prior to the summer shutdown.

## RAIL SERVICE INFORMATION

- Orange and Silver line trains will pass through East Falls Church station, which will be closed to customers, using a single track
- Orange and Silver line trains every 16 minutes throughout the day and every 20 minutes during late night hours
- Extra trains increase Orange Line service to every 8 minutes between Ballston-MU and New Carrollton (Monday – Saturday only)
- Blue Line trains every 8 minutes throughout the day to coordinate service (Monday – Saturday only)

## METRO'S CAPITAL PROGRAM

Metro is investing in system safety, reliability and the region's economy through its 10-year, \$15 billion capital program. For the first time in Metro's history, the capital program is bolstered by dedicated funding from Maryland, Virginia and the District of Columbia to improve the customer experience and keep the region's infrastructure in a state of good repair.

The Platform Improvement Project is one of many initiatives funded by the capital program, along with efforts that invest in railcars, buses, stations, tracks, tunnels, bridges, signals, communications, facilities and passenger information systems.
